

K-LOVE is a local FM radio station for my local area. I do not listen to any other radio stations for this area. K-LOVE is my one and only radio station for this area. I would like to keep it that way.

K-LOVE changes peoples lives as it did mine. It would be a devastation to take such a thing away.

K-LOVE is the only radio station I have ever known that has aired 24 hour, commercial free positive and encouraging songs, words, and news. When just about everything else in this world is discouraging and devastating, K-LOVE is one thing you can always depend on to be there to encourage you. Don't take that away from all of the K-LOVE listeners and supporters who have come to trust and depend on K-LOVE.
